

GStreamer Conference 2012 Sponsor Brief

August 27th and August 28th, 2012

Sheraton San Diego Hotel & Marina

San Diego, USA

The GStreamer Conference is an annual conference covering topics related to the GStreamer media framework and related open source multimedia technologies. It is the premier conference to learn about latest advances in open source multimedia for the linux desktop, server and embedded world.

This is the third year of the conference, with the first two years being great successes with over 250 attendees each year, with even more people expected this year being in the United States for the first time. Co-hosted alongside the Kernel Summit, LinuxCon North America this is a premier chance to advertise your company to decision makers and engineers working on linux based multimedia devices and applications.
